6. Using Night of Navy stamp Light House on Vellum and either fussy cut out our use matching die.
7. Stamp Sentiment on extra Whisper white and using dies cut out same and the Steering Wheel.
8. Using the Subtle Embossing Folder run through the Steering Wheel and the Whisper White 9.5 x 13.5 cm card, the Big Shot
9. Once the paste is dry adhere Light House by placing very small dots of Multipurpose Glue behind the dark areas (glue can be seen through Vellum)
10. Thread the Bakers Twine through the Sentiment card piece, wrap around the base of front panel as shown. Tie a small knot.
11. Adhere the Whisper White 9.5cm x 13.5 cm to card front and the DSP strip on top of this.
12. Using Dimensionals on the back of your front panel place this on top.
13. Using mini Dimensionals place the steering wheel on
